

# SHORE RIVERS

## ANNUAL REPORT 2020

ShoreRivers protects and restores Eastern Shore waterways through **science-based advocacy, restoration, and education**. We believe access to waterways fuels environmental stewardship; inclusion of all communities is essential to long term success; and diverse representation in our membership, staff, and board makes us stronger.

## MESSAGE FROM THE DIRECTOR

Thanks to incredible leadership, conservative financial planning, and your trust and support, ShoreRivers entered 2021 on firm ground. This allowed our staff to keep doing what they do best: advocating, educating, restoring, and connecting our communities to healthier waterways.

Beginning my executive directorship in January amid national crises was daunting, but the strength of ShoreRivers and the buoyancy of our supporters brought forth certainty. I am energized in this moment, though not naïve to the fact that our challenges are stubborn and entrenched. Social injustices that pervade our nation, the unceasing march of climate change, and outdated attitudes and policies are working against our mission. But we have a plan.

As we continue to solidify our reputation as the water quality experts on the Eastern Shore, we will maintain high standards and output in the face of repercussions from COVID-19. We will enhance collaboration among partners and stakeholders to ensure efficient and effective operations and action. We will cultivate a professional, regenerative work culture to achieve greater results for our rivers. And we will raise the annual and perpetual funds necessary to underwrite this critical work.

ShoreRivers is proud to highlight the donors listed here who chose to support healthy waterways across the Delmarva with a gift in 2020. Although many of our systems and perspectives were disrupted last year, others persisted.

As essential as ever, farmers kept farming, so our Agriculture and Restoration Department persisted in designing and implementing major pollution-reducing projects on farmland across the Shore. Total restoration projects installed now tops 160.

To empower the next generation, teachers kept teaching, so our Education Department persisted in supporting students to take environmental responsibility into their own hands. The addition of an experienced bilingual educator will expand our reach into Hispanic communities.

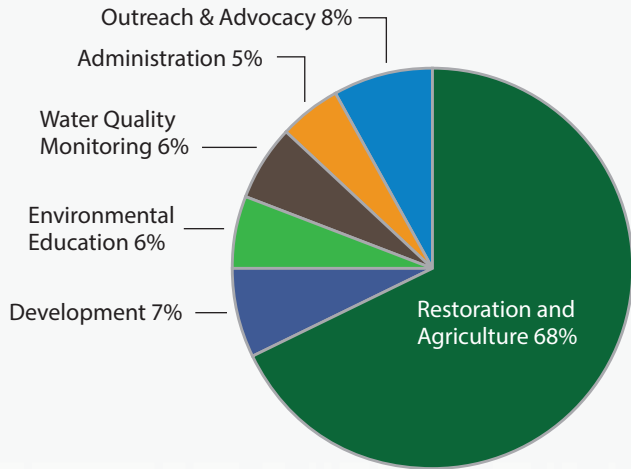

When people turned to the outdoors more than ever before, nature kept healing us, so our Riverkeepers persisted in advocating on its behalf to ensure safety and resilience. A renewed focus on diversity, equity, inclusion, and justice is woven through our actions to provide access and awareness to all.

Together, we will prevail and clean these rivers. Thank you for your support.

# NINA RODALE HOUGHTON FUND

Initiated by friends and family in 2020, the Nina Rodale Houghton Fund is the first established memorial endowment for ShoreRivers. Nina lived her passion for connecting environmental, agricultural, and educational initiatives for the betterment of the Chesapeake Bay. She was committed to bringing communities together to retain Maryland's working landscapes and the industries they support, while protecting and improving the health of the waterways. This endowment will support ShoreRivers' Riverkeepers in perpetuity.

## Ways to Give

**Give Online** at [shorerivers.org/donate](https://shorerivers.org/donate).  
Monthly gifts provide a steady stream of support.

**Donate by Mail** with a check made out  
to ShoreRivers.

**Tribute Gifts** are a meaningful way to  
recognize someone's love for the water.

**Leave a Legacy** with a planned gift  
like an annuity or bequest.

Contact Rebekah Hock, Director of Development, at [rhock@shorerivers.org](mailto:rhock@shorerivers.org)  
about these and more ways you can support ShoreRivers.
